## WHY WE CHOSE THIS CHARITY

The AngelWorks Foundation is a public non-profit organization dedicated to enhancing the lives of children by connecting with and assisting families in times of need. Our definition of "times of need" includes the loss of a family member (child or parent), a life-threatening illness or injury that has created an abundance of medical bills, an illness that requires special needs, or another life-changing event that has occurred, causing a serious financial burden.

AngelWorks began as a simple Christmas Program, never intending to become more. However, eventually it was realized that some of the families needed more help than just presents wrapped in bows at Christmastime. So, while Project Claus is still a favorite (and important) part of AngelWorks, our efforts have grown to give as much support and assistance to families year-round as we can.

For more information about this amazing organization, please visit their website:
